PREFACE

The Statistical Hand Book of Tamil Nadu, 1976 presents, in a succinct form, essential and factual information highlighting the different sectors of economy of Tamil Nadu. The Hand Book is designed to serve as a ready book of reference to those seeking statistical information pertaining to this State.

The data presented in this publication have been collected from various departments of Central and State Governments, Public Sector undertakings and Private Institutions.

The continued co-operation so spontaneously extended by the Heads of Departments and Private Institutions in furnishing the data is gratefully acknowledged.

It is gratifying to find that the last Hand Book has received greater appreciation from a wide range of users, both Government and Private.

I wish to record my appreciation of the efforts put in by Thiru D. Arunachalam, Assistant Director of Statistics who was ably supported by Thiru M.K. Ramamurthi, Statistical Officer, Thiru C.V. Purushotham, Statistical Inspector and Thiru J. Sridharan, Assistant Statistical Investigator in the compilation of the Hand Book well in time.

Suggestions for improvement of the Hand Book are welcome.

Madras, R. PADMAVALLI,
